Dr. Hamza Alkholi

CHAIRMAN

MISSION

Our distinguished management, diversified portfolio of services, products, partners and clients, and our dedication to creating a sustainable environment for our employees and customers.

VISION

A comprehensive approach to sustainability and environmental safety that sets the precedence for the future, laying the foundations today for a better, healthier, safer tomorrow.

Al Kholi Group delivers integrated infrastructure, facilities, engineering, technology, and trading solutions that enhance asset performance, operational resilience, and long-term value creation across the Kingdom of Saudi Arabia and the wider GCC region.

1976 — 2025

Half a century of building the Kingdom

A legacy built over half a century, the Al Kholi Group has built its reputation in the Kingdom through means of sustainability, quality work delivered on time, and having experts on our team being diligent to support each project. Throughout the years, our hard work and commitment have resulted in the Al Kholi Group serving as a gateway between Saudi Arabia and our international partners.

WHAT WE DO

Four lines of business, one Group

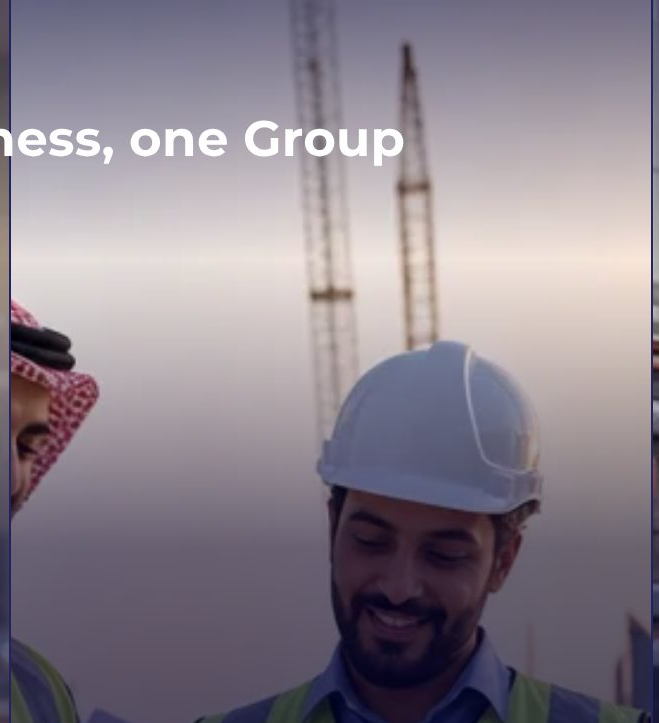

01

Integrated Facilities Management

Delivering integrated asset management, operational excellence, and lifecycle optimization across critical infrastructure, industrial facilities, commercial assets, and residential communities.

- Total Facilities Management (Hard FM, Soft FM & Workplace Services)
- Predictive, Preventive & Reliability-Centered Maintenance
- Technical Operations & Asset Performance Optimization
- Facilities Consultancy, Mobilization & Transformation Programs
- Food Services & Workforce Accommodation Solutions
- ESG, Energy Efficiency & Sustainability Integration

02

Construction & Building Fit-Out

Providing turnkey engineering, construction, renovation, and modular delivery solutions for complex and mission-critical environments.

- Mechanical, Electrical & Plumbing (MEP) Design & Execution
- Industrial Construction & Infrastructure Upgrades
- Modular Construction & Prefabrication Solutions
- Occupied-Space Renovation & Live Environment Refurbishment
- Commercial, Residential & Industrial Fit-Out Services
- Asset Enhancement, Modernization & Technical Retrofits

03

MEP & ELV Systems

Designing, delivering, and maintaining mission-critical mechanical, electrical, low-current, and smart building systems for complex infrastructure projects.

- Data Centers & Mission-Critical Facilities
- Industrial Plants & Utilities Infrastructure
- Desalination & Water Treatment Facilities
- Electrical Distribution & Power Management Systems
- ELV, ICT, Security & Building Automation Systems
- Smart Buildings, Digital Infrastructure & Operational Technology (OT)

04

Trading Solutions

Connecting regional markets with global technologies, industrial products, and strategic supply chain solutions that enhance operational efficiency and infrastructure performance.

- Smart Metering & Utility Management Technologies
- Intelligent Warehousing & Storage Systems
- Industrial Equipment & Technical Procurement
- Elevators, Escalators & Vertical Transportation Solutions
- Strategic Sourcing & Global Distribution Partnerships
- Smart Infrastructure & Technology-Enabled Solutions

Soft Services & Cleaning

Janitorial Services · Technical & Industrial Cleaning · Housekeeping

Accommodation & Operations

Design & Development · Project Management · Village Management · Operations · Property Management · Transportation

ELV & Smart Logistics

ELV · Elevators · Smart Picking · Warehouse Automation

ALKHOLI GROUP

IFM & SOFT SERVICES · THE VALUE WE ADD

Delivering Impact

1 **Contributing to Health & Well-Being.** Offering nutritious, high-quality meals that support physical health and mental focus, ensuring your workforce stays energized and productive.

2 **Promoting You as an Employer of Choice.** Helping you stand out in the field by showing your workers that you care about their well-being more than your competitors do.

3 **Enhancing Work-Life Balance.** Prioritizing the well-being of each individual by designing services that respect their health, happiness, and overall balance.

ALKHOLI GROUP

FOR YOU · EPC + MEP + ELV

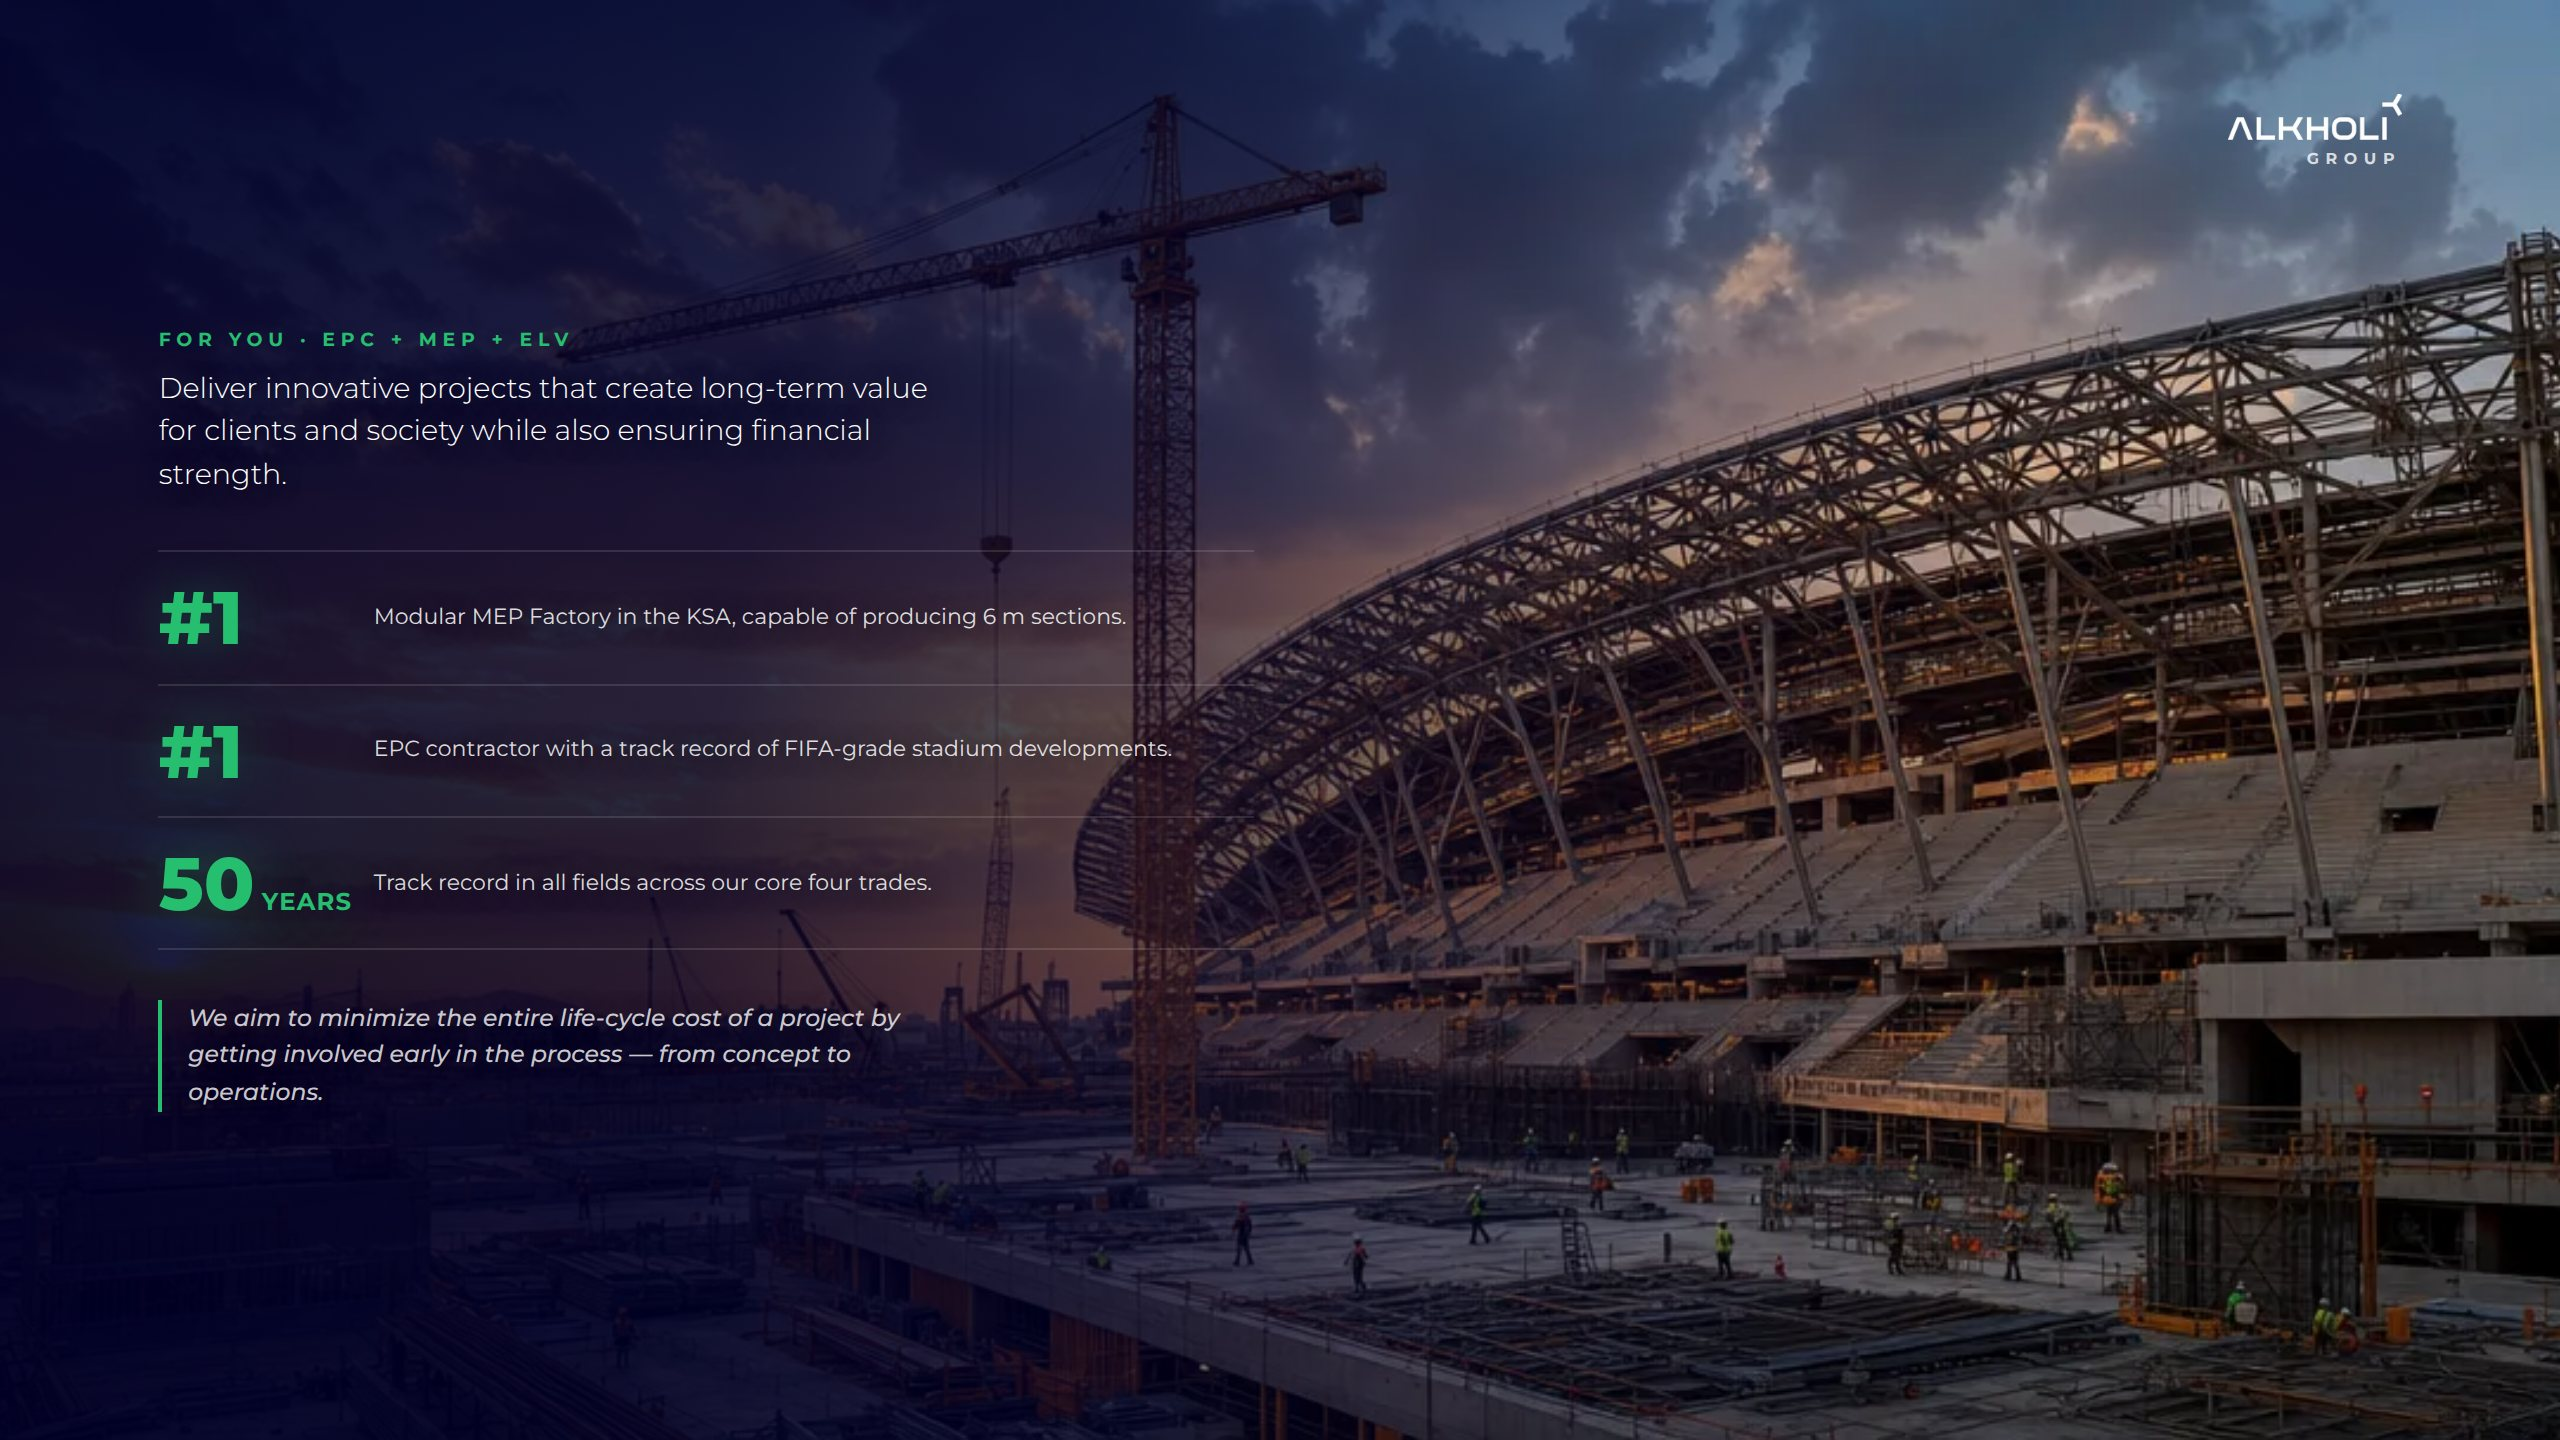

Deliver innovative projects that create long-term value for clients and society while also ensuring financial strength.

#1 Modular MEP Factory in the KSA, capable of producing 6 m sections.

#1 EPC contractor with a track record of FIFA-grade stadium developments.

50 YEARS Track record in all fields across our core four trades.

> *We aim to minimize the entire life-cycle cost of a project by getting involved early in the process — from concept to operations.*

FOR YOU · IFM + O&M

Innovation in a tired segment — at amazing rates for your WaaS HR programs.

ALKHOLI GROUP

WORKPLACE ENHANCEMENT

21%

Companies with a highly engaged workforce are 21% more profitable than those without.

What's your eNPS score?

EMPOWERMENT & CUSTOMIZATION

87%

Employers that actively engage employees from the moment of hire can prevent 87% of them from leaving.

VIBRANT WORKPLACE

122%

Companies that provide a vibrant workplace experience outperform the S&P 500 by 122%.

ALKHOLI GROUP

FOR OUR STAFF

More time to focus on what matters for your teams and a better quality of life.

Realistic Staffing & Balanced Tasks

Right Staff for the Right Task at the Right Pace.

Team Spirit

Makes us 10x better.

PAY RIGHT × SKILLS RIGHT PROGRAM

10× TEAM SPIRIT

ALKHOLI GROUP

Look after Customer and Employees and the Business will take care of Itself

25%

Increased client retention can boost profits by 25%.

10x

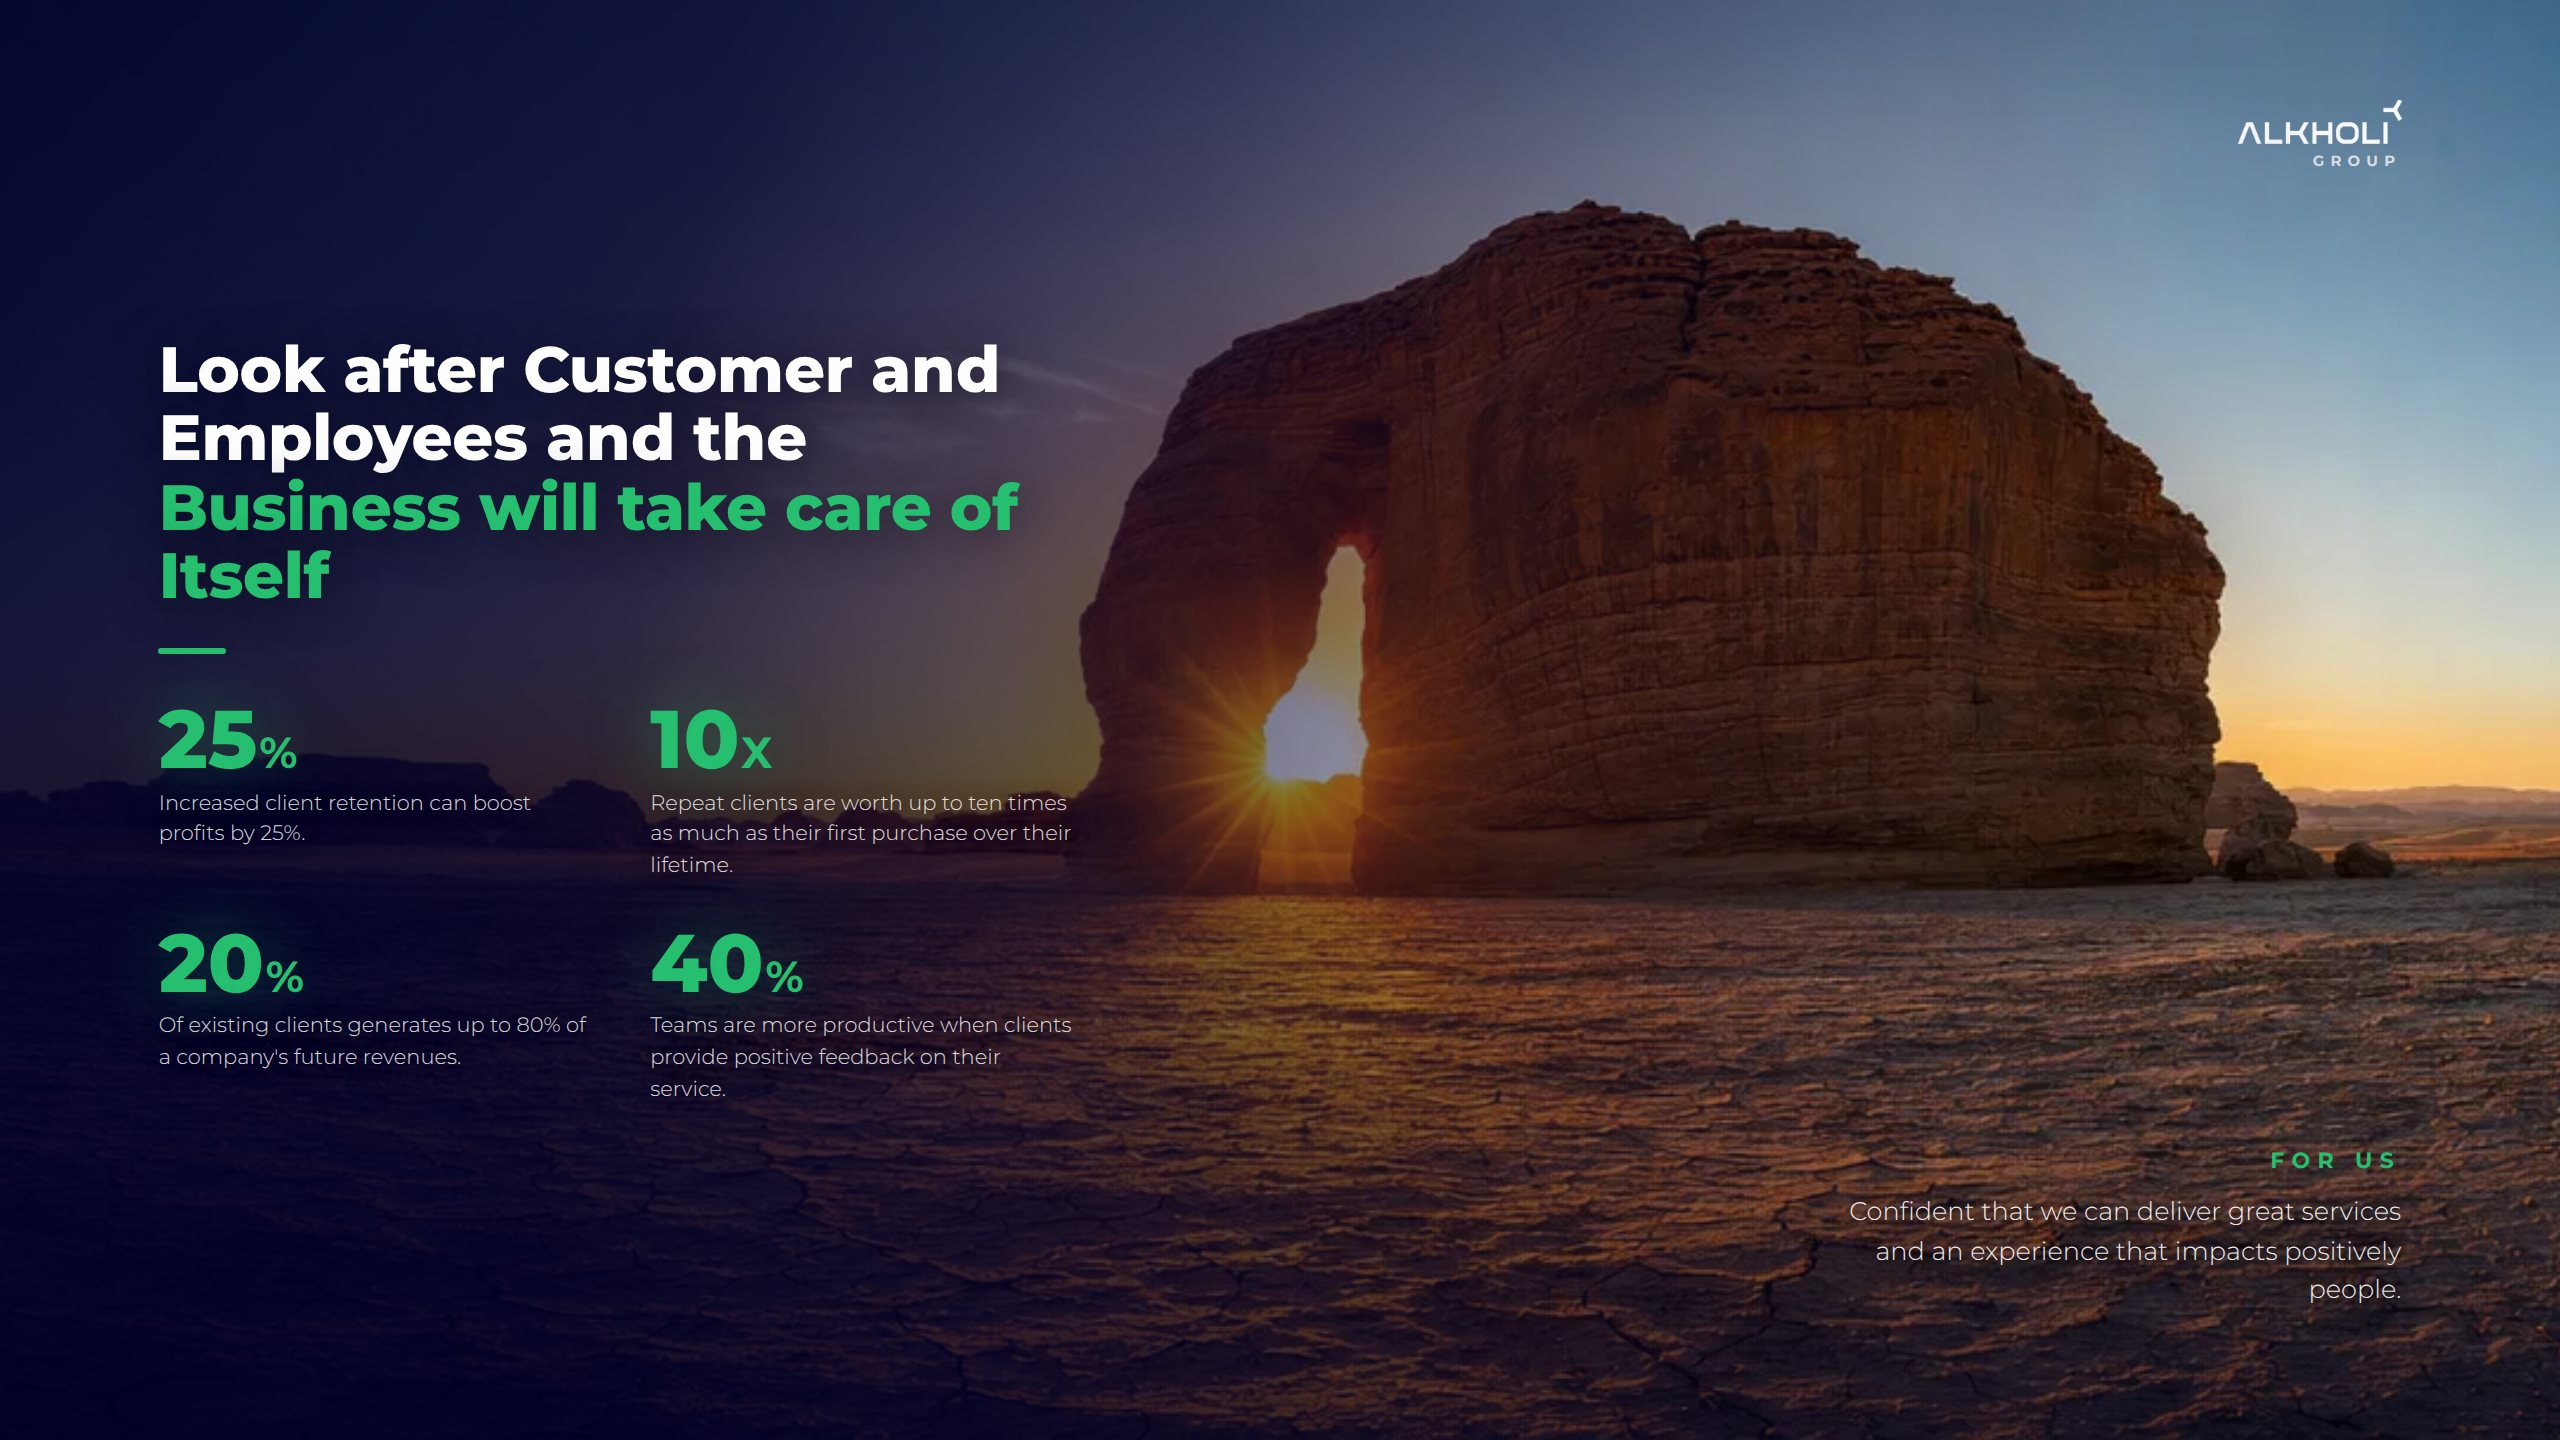

Repeat clients are worth up to ten times as much as their first purchase over their lifetime.

20%

Of existing clients generates up to 80% of a company's future revenues.

40%

Teams are more productive when clients provide positive feedback on their service.

FOR US

Confident that we can deliver great services and an experience that impacts positively people.

ALKHOLI GROUP

OUR WORK

Our Portfolio

Selected projects across stadiums, healthcare, data centres, industry & residential — delivered Kingdom-wide.

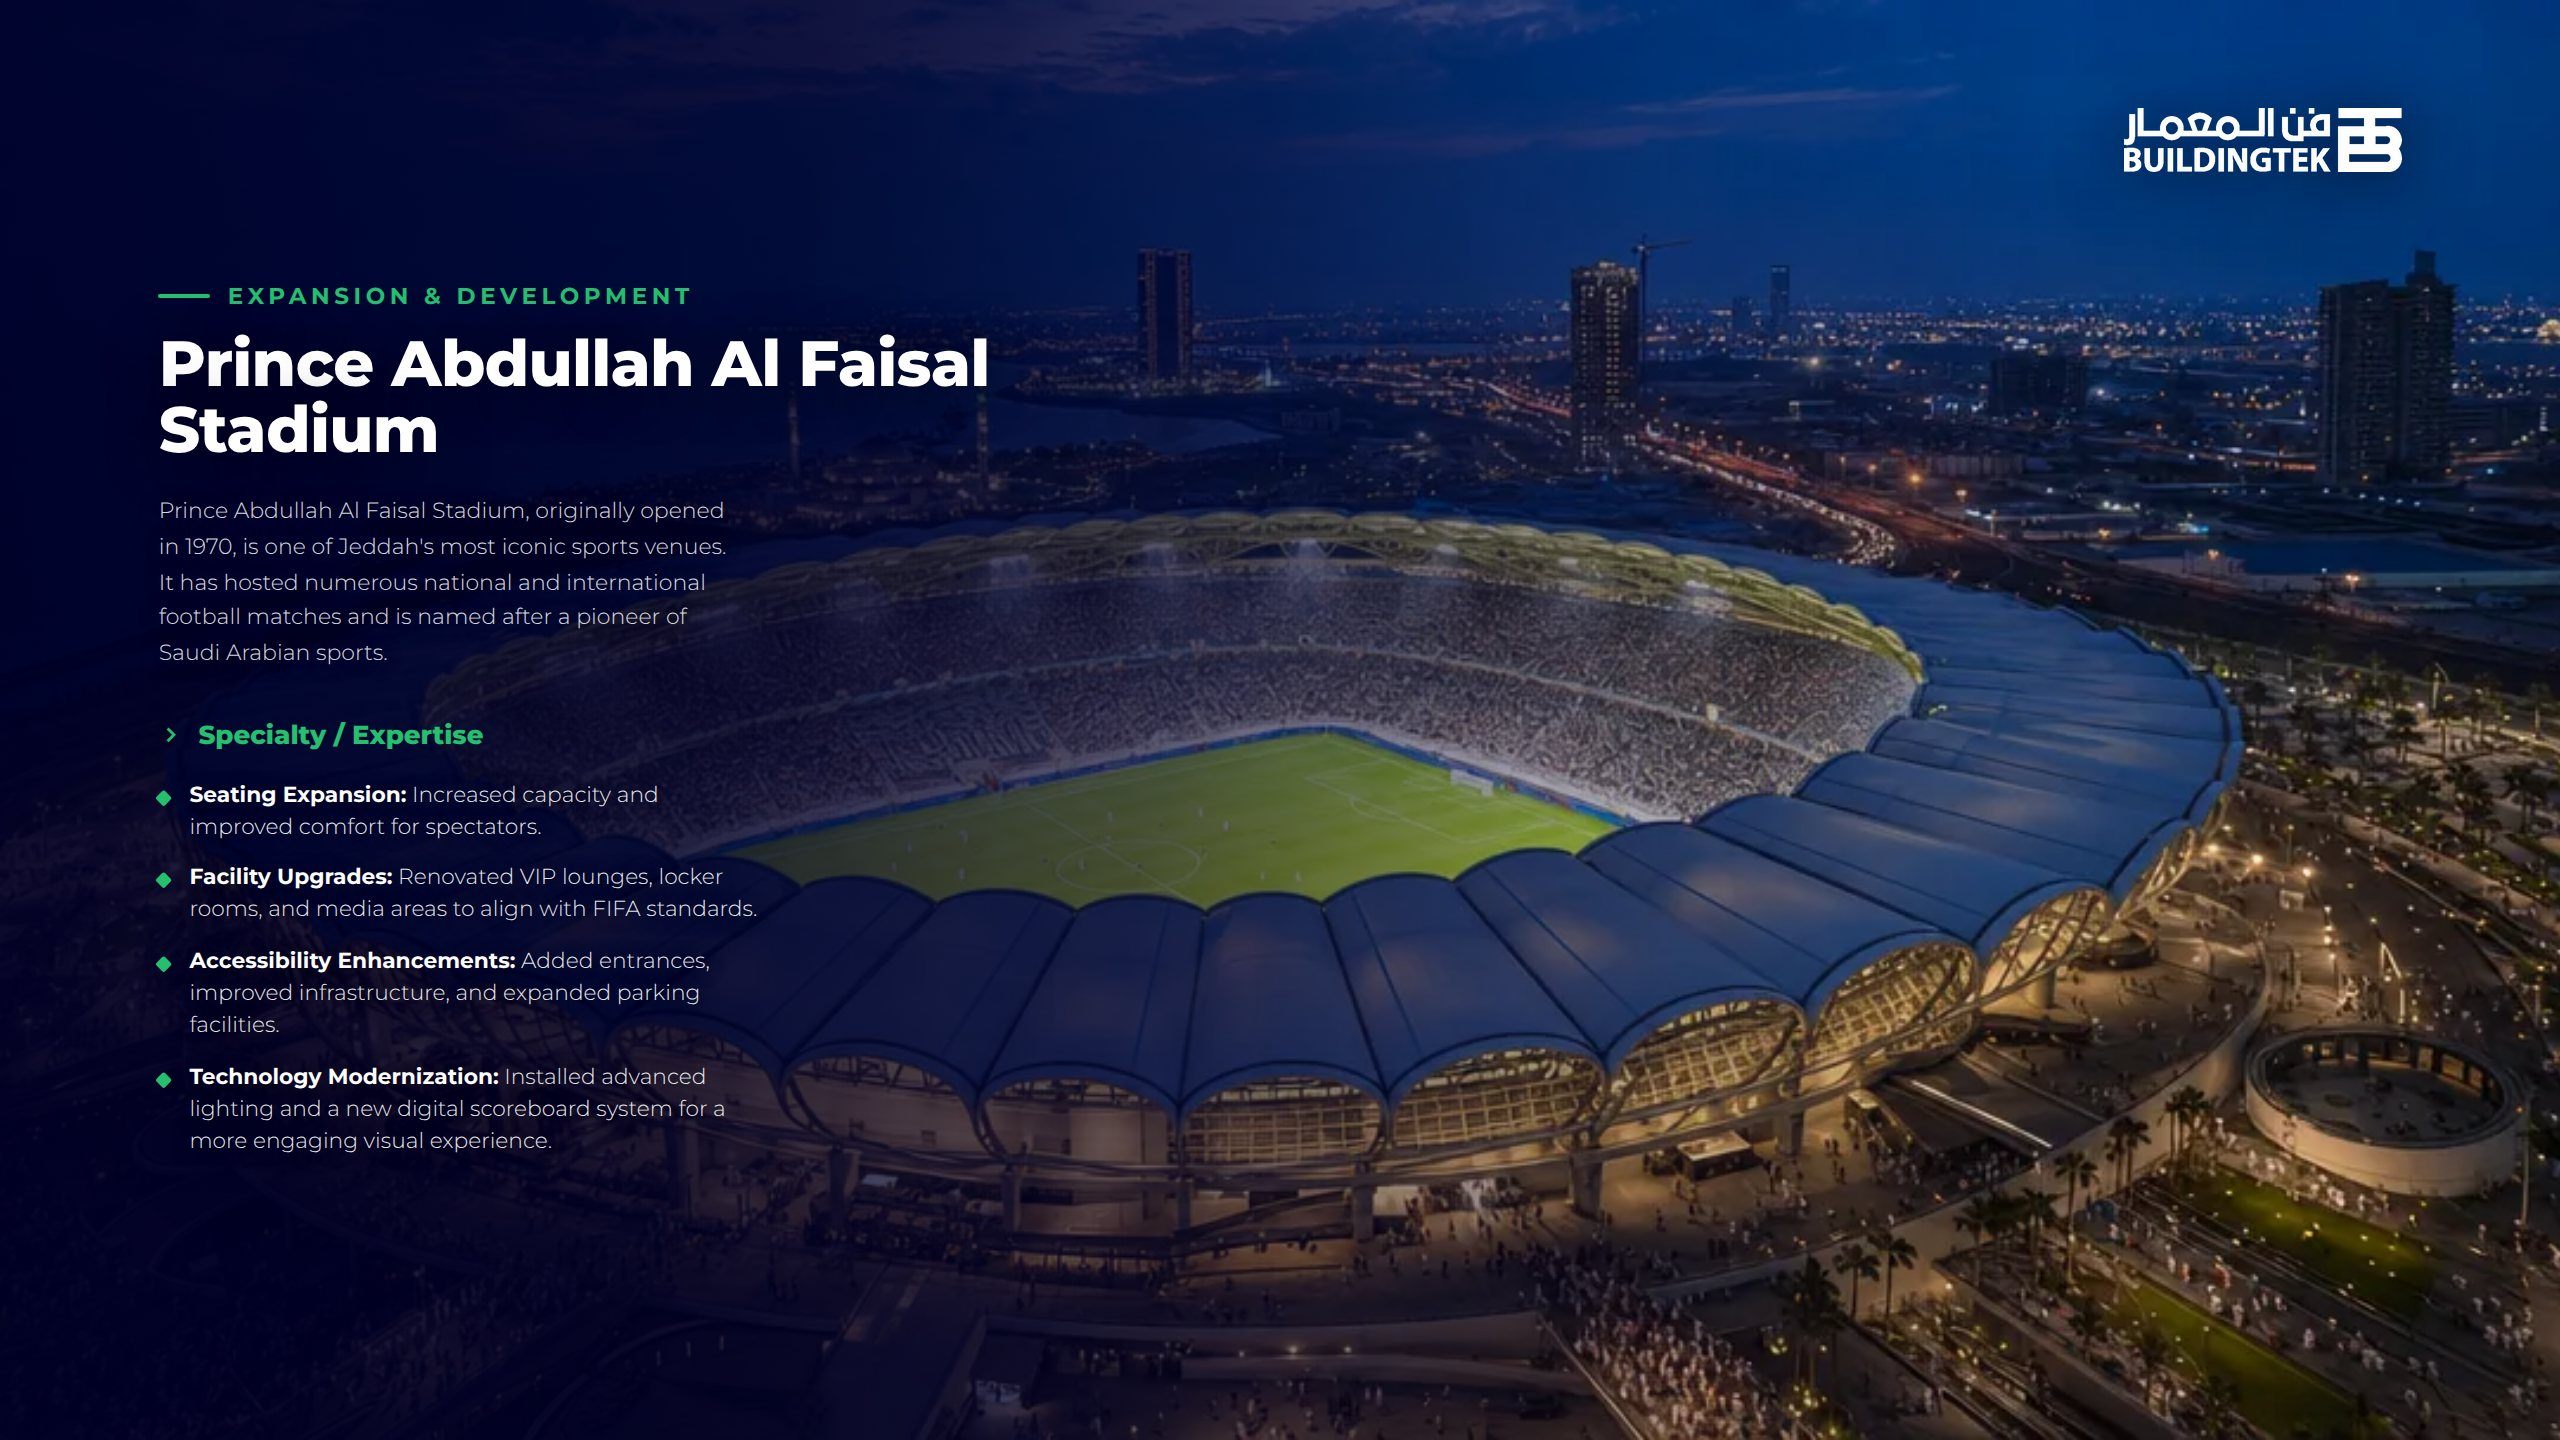

EXPANSION & DEVELOPMENT

Prince Abdullah Al Faisal Stadium

Prince Abdullah Al Faisal Stadium, originally opened in 1970, is one of Jeddah's most iconic sports venues. It has hosted numerous national and international football matches and is named after a pioneer of Saudi Arabian sports.

Specialty / Expertise

- **Seating Expansion:** Increased capacity and improved comfort for spectators.
- **Facility Upgrades:** Renovated VIP lounges, locker rooms, and media areas to align with FIFA standards.
- **Accessibility Enhancements:** Added entrances, improved infrastructure, and expanded parking facilities.
- **Technology Modernization:** Installed advanced lighting and a new digital scoreboard system for a more engaging visual experience.

RENOVATION & EXPANSION

Aramco Building 3093

The intent of this project is to renovate and expand Building 3093 at Old Abqaiq Road, Dhahran, transforming it into a multi-purpose facility consisting of Storage/Warehouse and Retail spaces. The design features an open ceiling to the structure above, except for designated areas — enclosed offices, retail units, storage spaces, toilets, and utility rooms — fitted with gypsum board ceilings.

Specialty / Expertise

- Open ceilings in main areas; gypsum board ceilings in enclosed rooms (offices, toilets, storage, etc.).
- Replacement of roof and walls with insulated panels, EIFS finish, ACM cladding, and waterproofing.
- New extension with composite slab roof, EIFS walls, and glass panels.
- Upgrades to existing parking and surrounding pavement.
- All works follow specified materials, codes, and standards.

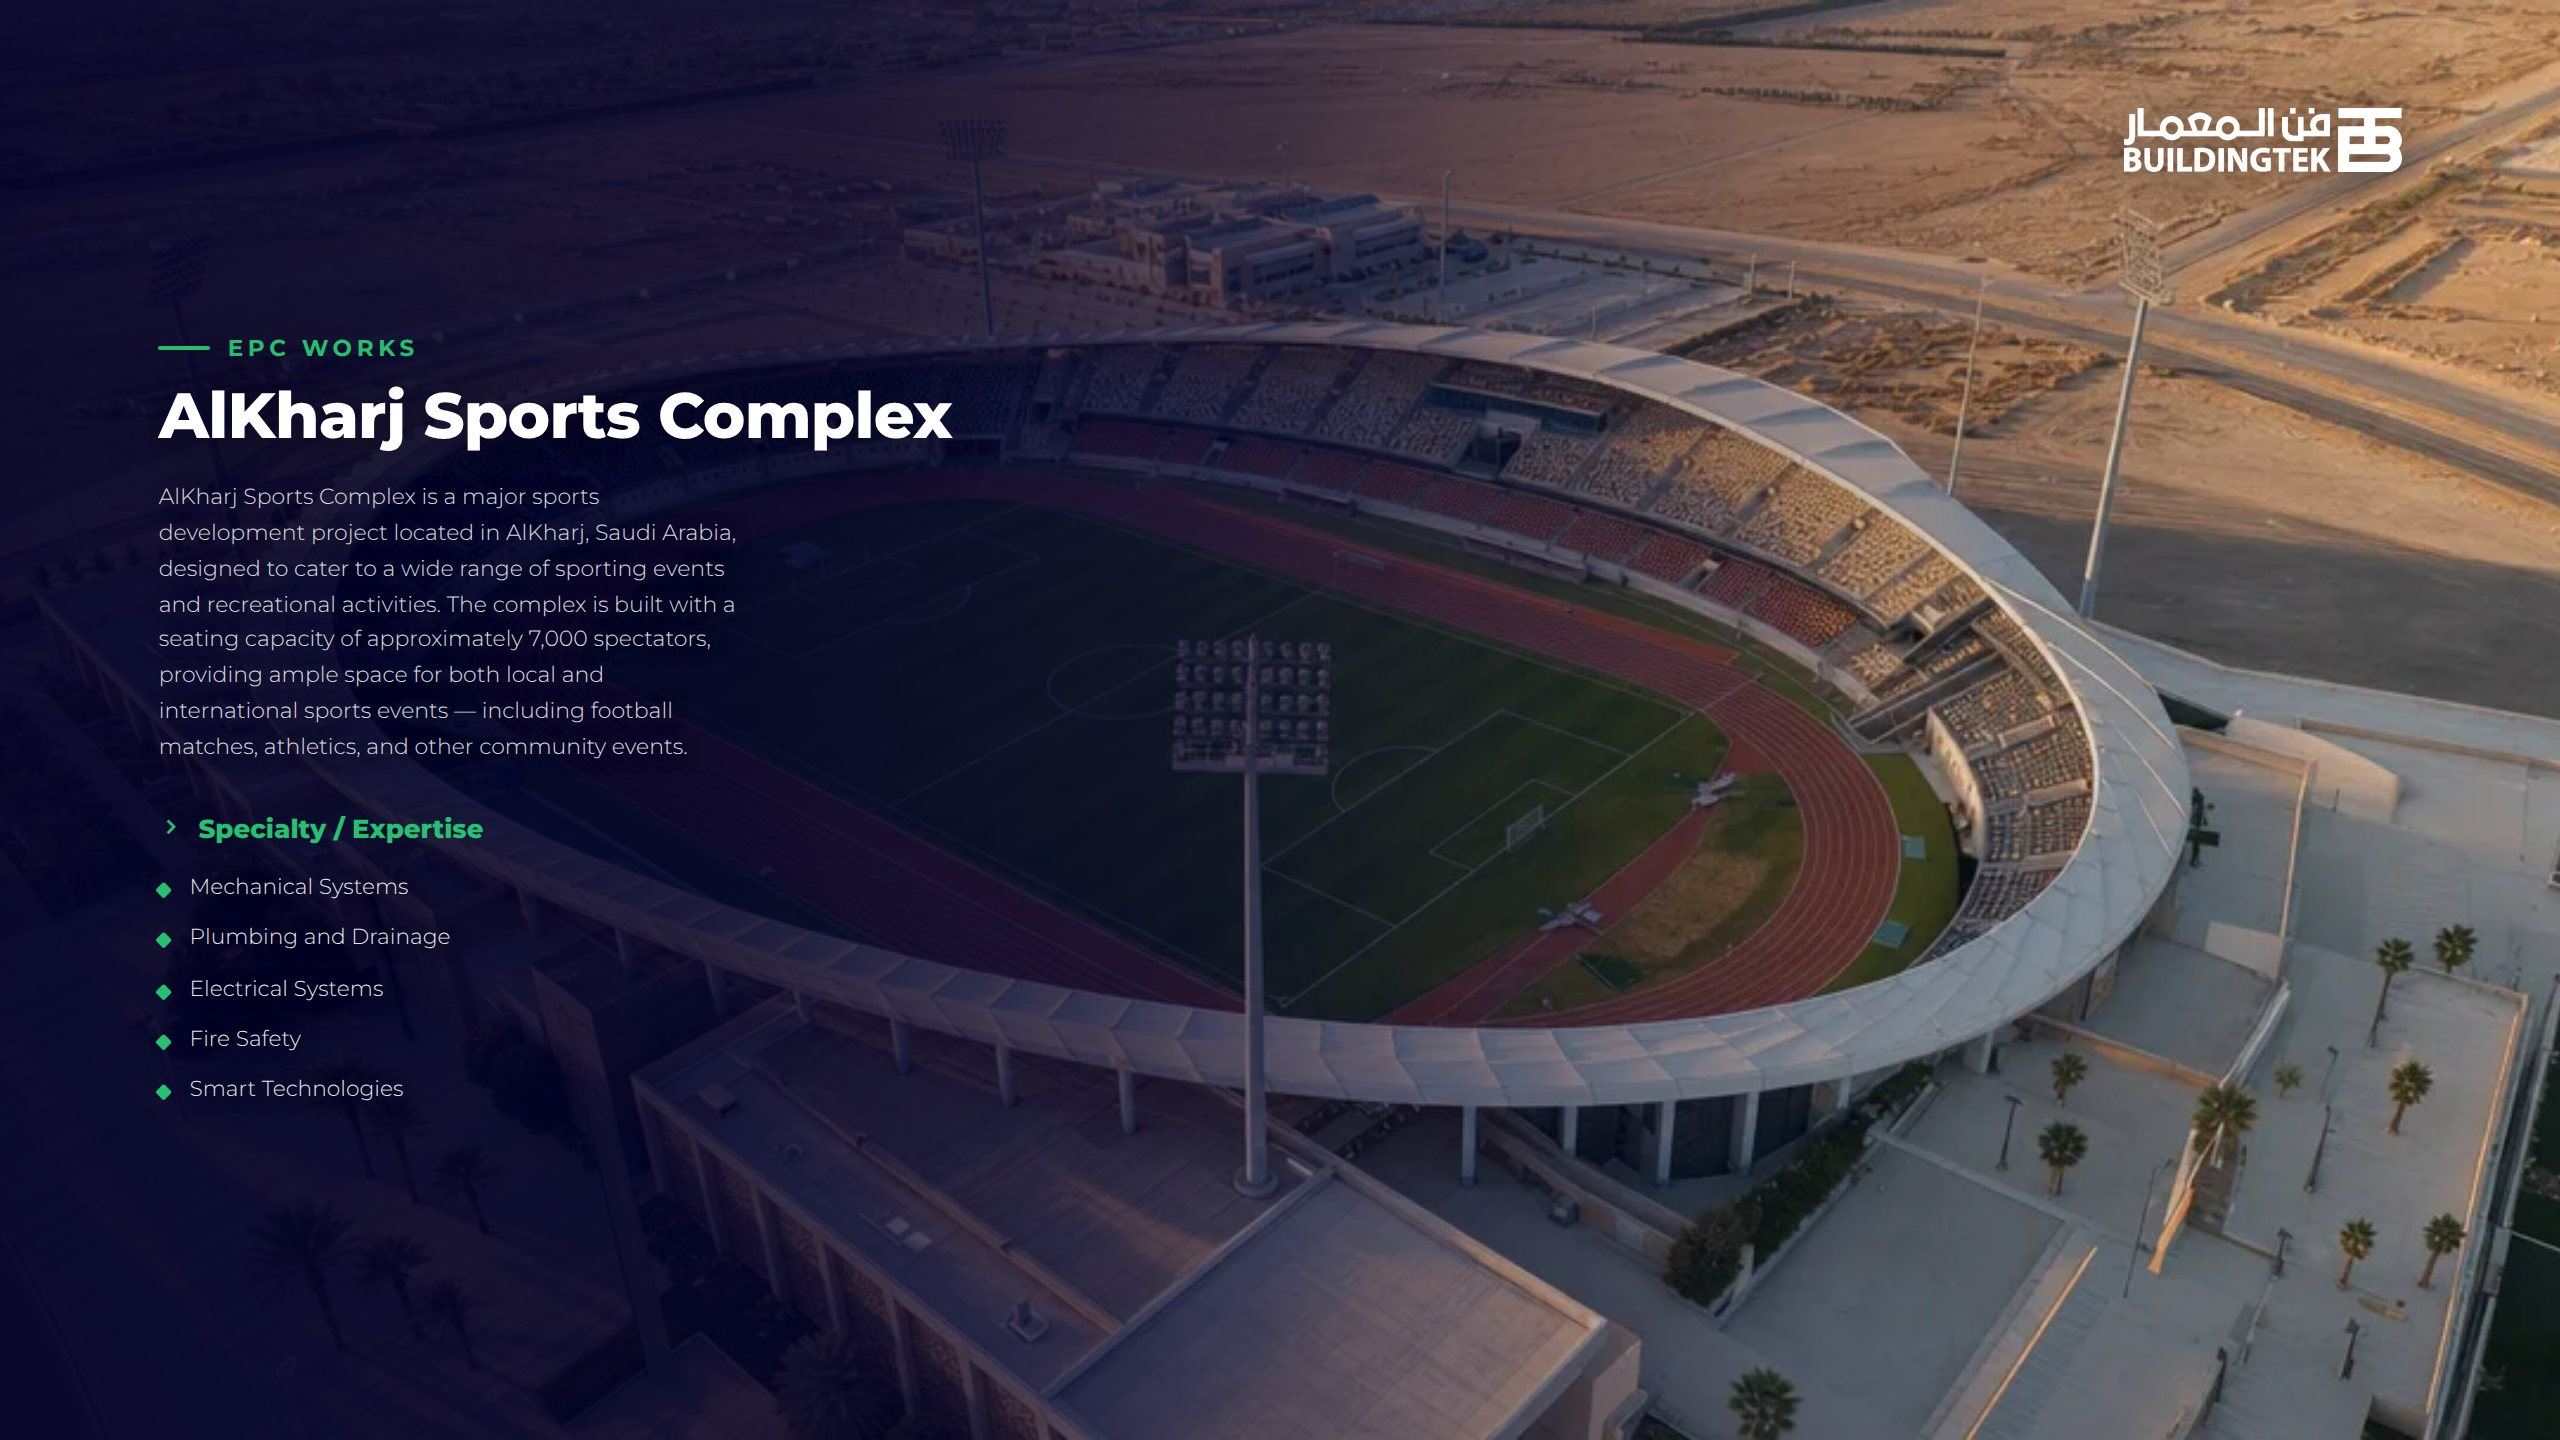

EPC WORKS

AlKharj Sports Complex

AlKharj Sports Complex is a major sports development project located in AlKharj, Saudi Arabia, designed to cater to a wide range of sporting events and recreational activities. The complex is built with a seating capacity of approximately 7,000 spectators, providing ample space for both local and international sports events — including football matches, athletics, and other community events.

Specialty / Expertise

- Mechanical Systems
- Plumbing and Drainage
- Electrical Systems
- Fire Safety
- Smart Technologies

MEP WORKS · SWCC PHASES 3A & 3B

Jubail Desalination Plant

Jubail is one of the world's largest and most advanced desalination complexes. Al Kholi was proud to be awarded by the Saudi Water Conversion Corporation the complete MEP scope for Phases 3A and 3B across the facilities.

Specialty / Expertise

- **Electrical Systems:** Full supply, installation, testing & commissioning.
- **Mechanical Works:** HVAC, firefighting & plumbing.
- **ELV & Security Systems:** Delivery & installation across all facilities.
- **Smart Technologies & Fire Safety.**

WORKFORCE ACCOMMODATION

MSO Senior Accommodation

A full turnkey Integrated Facilities Management (IFM) offer.

MANAGEMENT

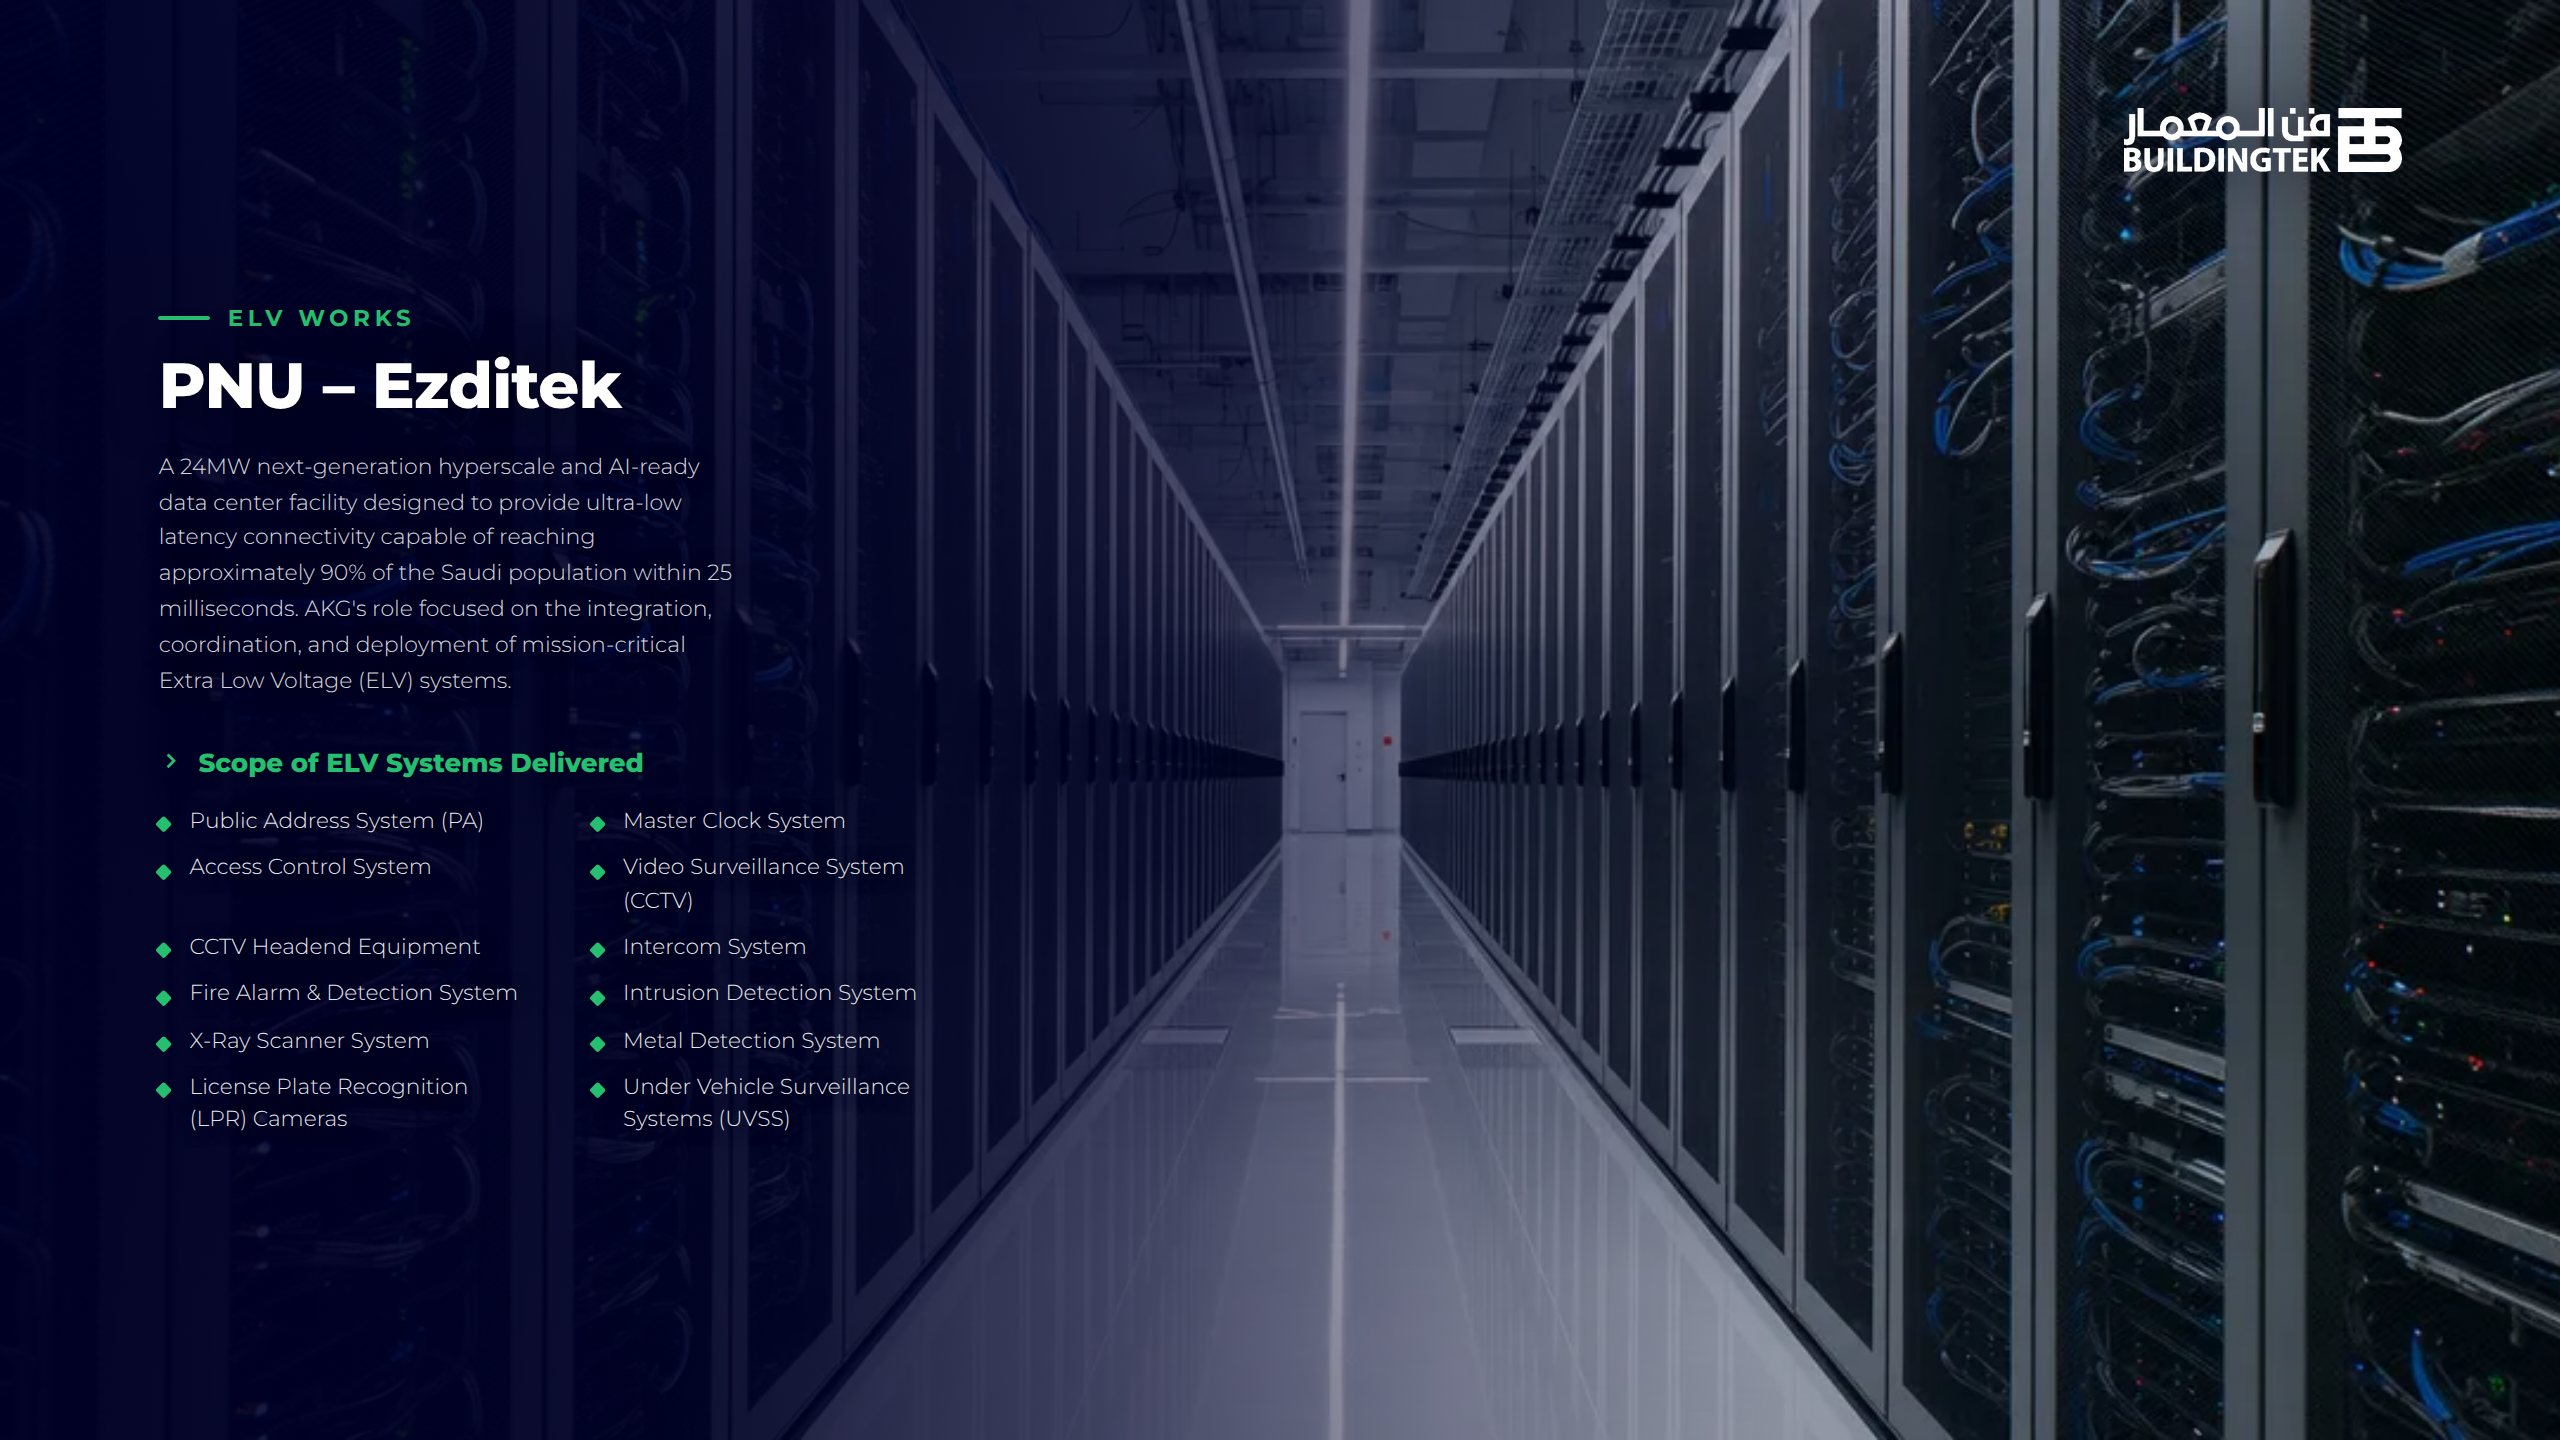

- Full management of the MSO camp, designed to support 100+ staff and contractors.
- Phased manpower distribution rolled out across the camp as outlined.

FACILITIES

- Pools, dining halls, shops & cafés, central warehousing, laundry and gym.
- Recreation halls, clinic, sports courts and varied accommodation types.

UTILITIES & SOW

- Self-contained: dedicated electrical power plant and on-site water tanks.
- Generators and water tanks distributed across the camp.
- 30-day mobilisation delivering a full turnkey IFM offer.

ELV WORKS

PNU – Ezditek

A 24MW next-generation hyperscale and AI-ready data center facility designed to provide ultra-low latency connectivity capable of reaching approximately 90% of the Saudi population within 25 milliseconds. AKG's role focused on the integration, coordination, and deployment of mission-critical Extra Low Voltage (ELV) systems.

Scope of ELV Systems Delivered

- Public Address System (PA)
- Access Control System
- CCTV Headend Equipment
- Fire Alarm & Detection System
- X-Ray Scanner System
- License Plate Recognition (LPR) Cameras
- Master Clock System
- Video Surveillance System (CCTV)
- Intercom System
- Intrusion Detection System
- Metal Detection System
- Under Vehicle Surveillance Systems (UVSS)

LV WORKS · TIER III

STC Data Center — Jeddah

A high-tier digital infrastructure facility operated by the Saudi Telecom Company to support the Kingdom's digital transformation. AKG delivered the full supply, installation, and testing & commissioning of LV Works across the STC Data Center, Guard House and SEC & MV Room — a Tier III development providing 14 MW of total power capacity.

Scope of LV Works Delivered

- Interior Lighting & Lighting Control System
- Exterior Lighting System
- Busway System
- Generators & UPSs
- Electrical Equipment Arrangement
- Electrical Power Monitoring System (EPMS)
- Access Control
- Emergency Lighting System & CBS
- LV Panels & LV Power Cables
- Building Automation System (BAS)
- Electric Vehicle Chargers
- 1st Fix · ELV / Low-Current Systems
- Communication System
- Video Surveillance (CCTV)

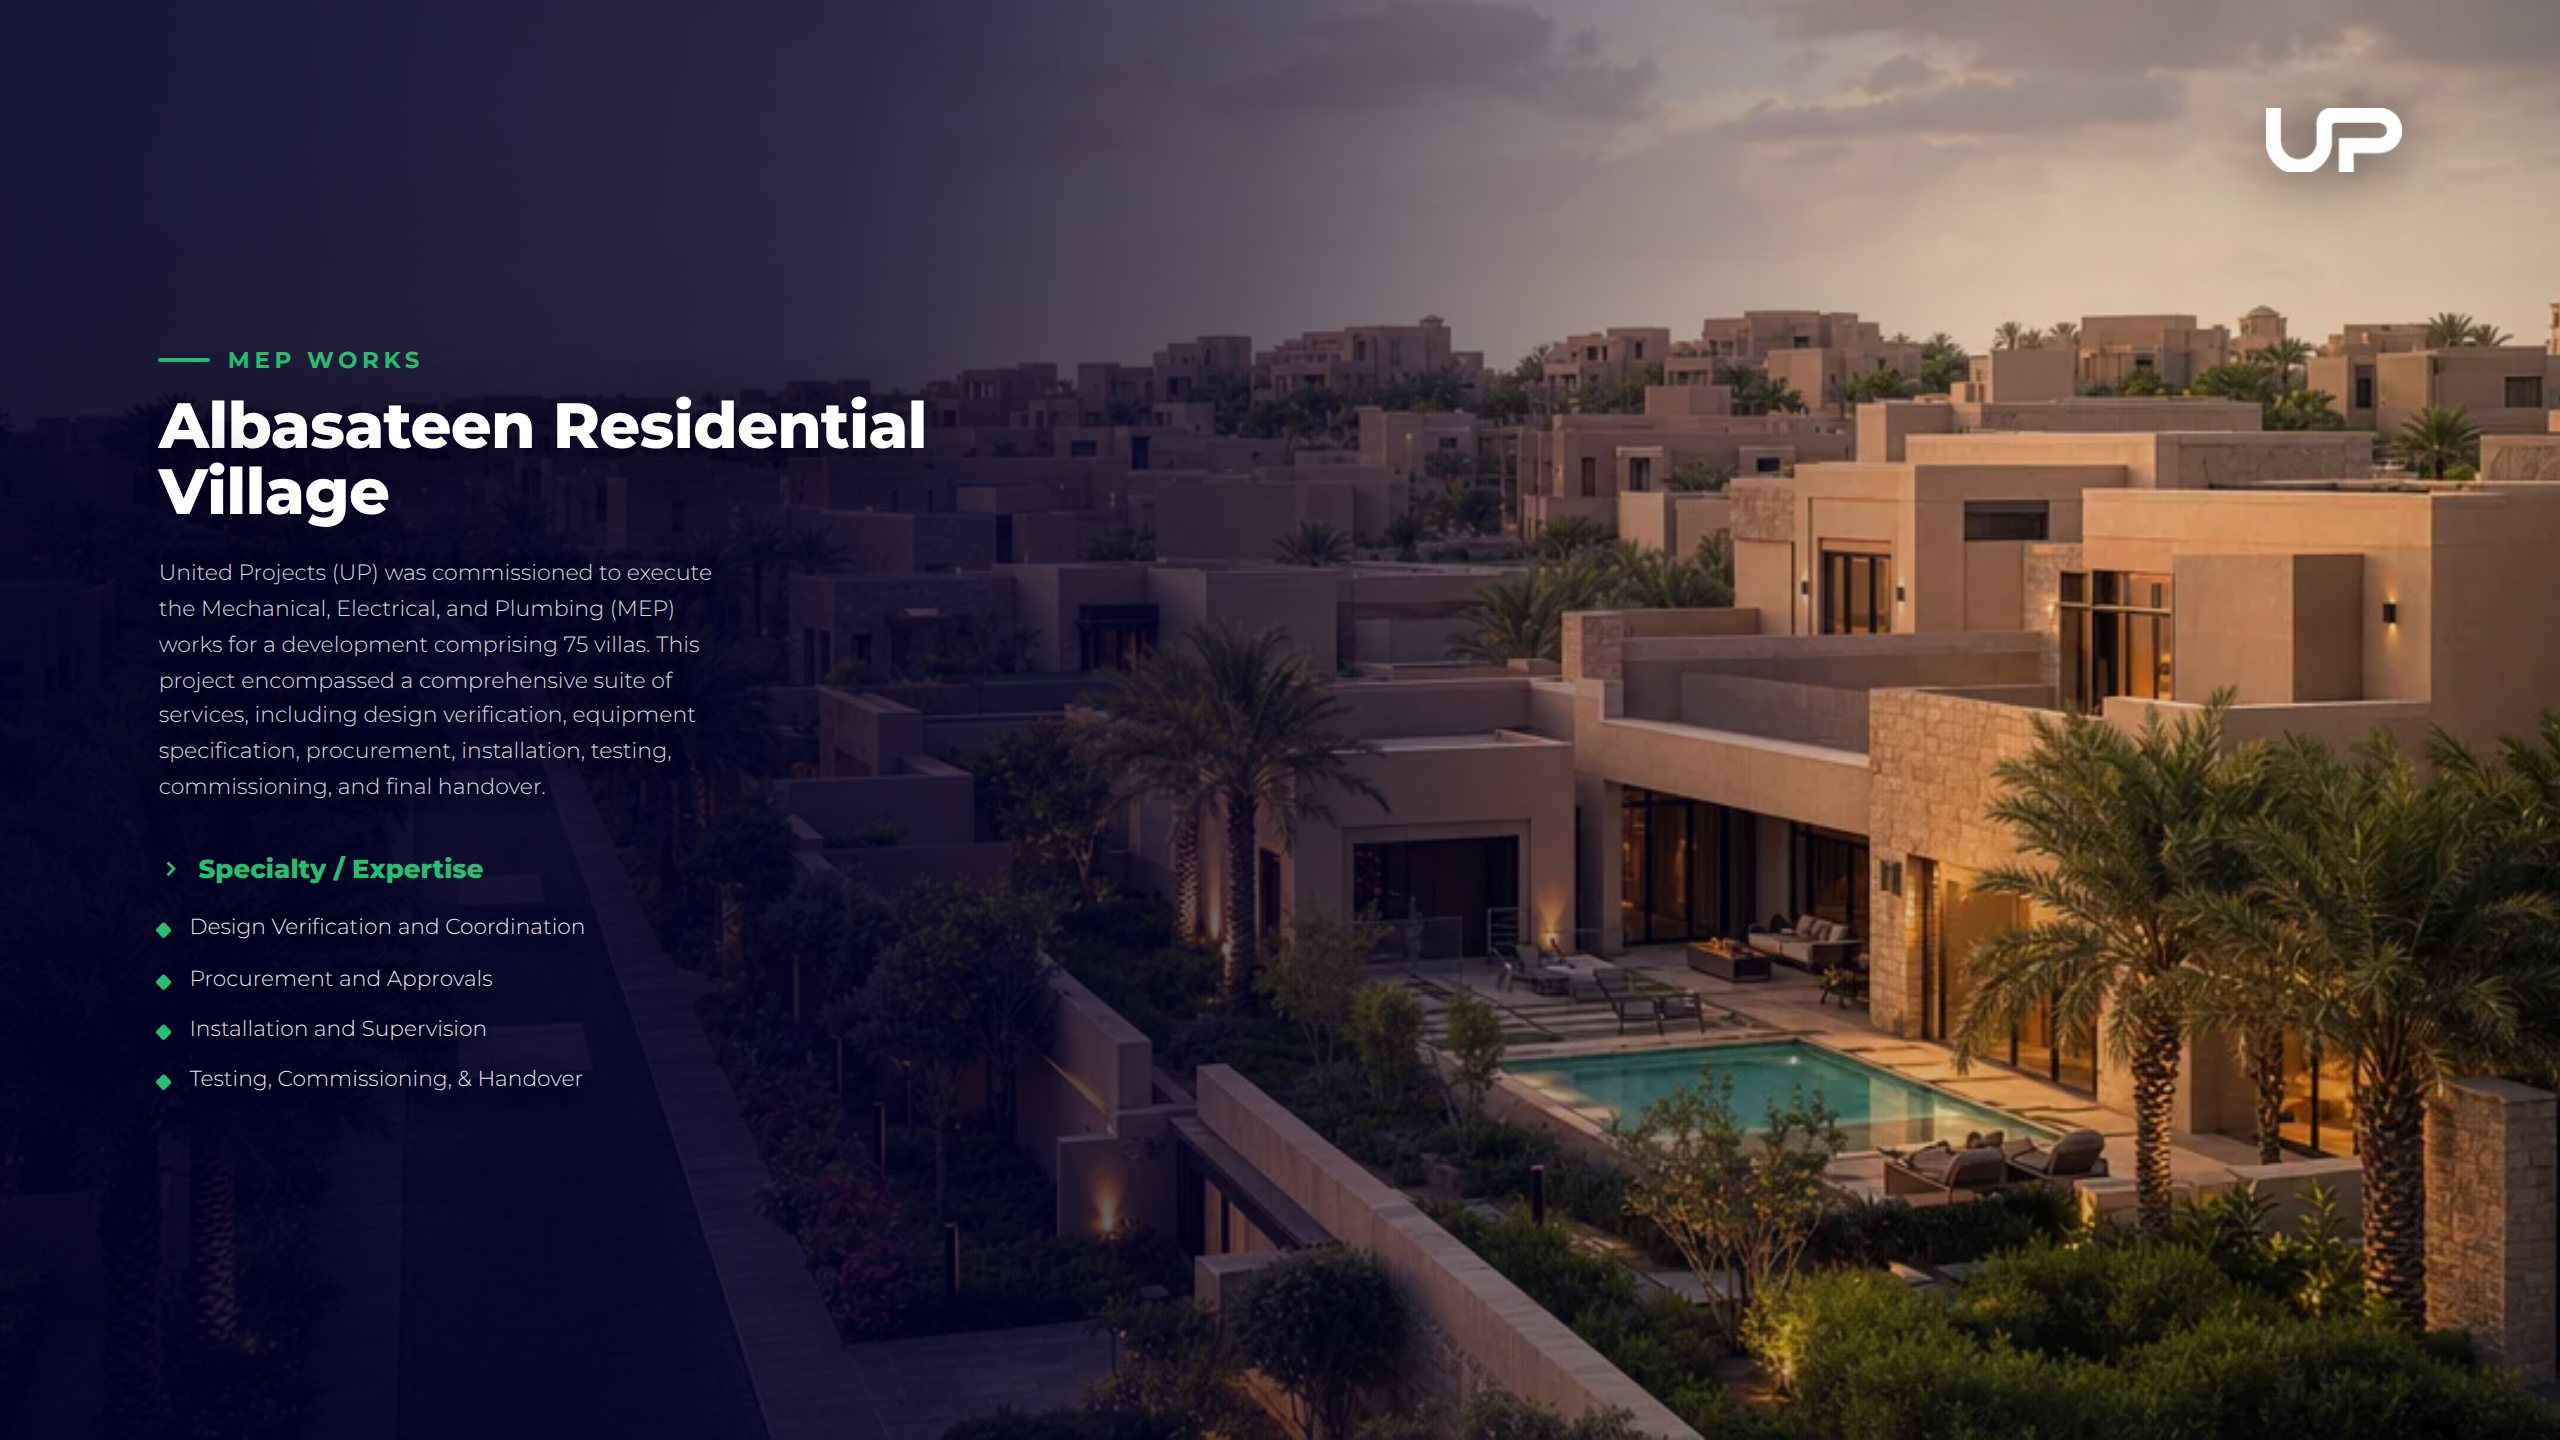

MEP WORKS

Albasateen Residential Village

United Projects (UP) was commissioned to execute the Mechanical, Electrical, and Plumbing (MEP) works for a development comprising 75 villas. This project encompassed a comprehensive suite of services, including design verification, equipment specification, procurement, installation, testing, commissioning, and final handover.

Specialty / Expertise

- Design Verification and Coordination
- Procurement and Approvals
- Installation and Supervision
- Testing, Commissioning, & Handover

AKTEK

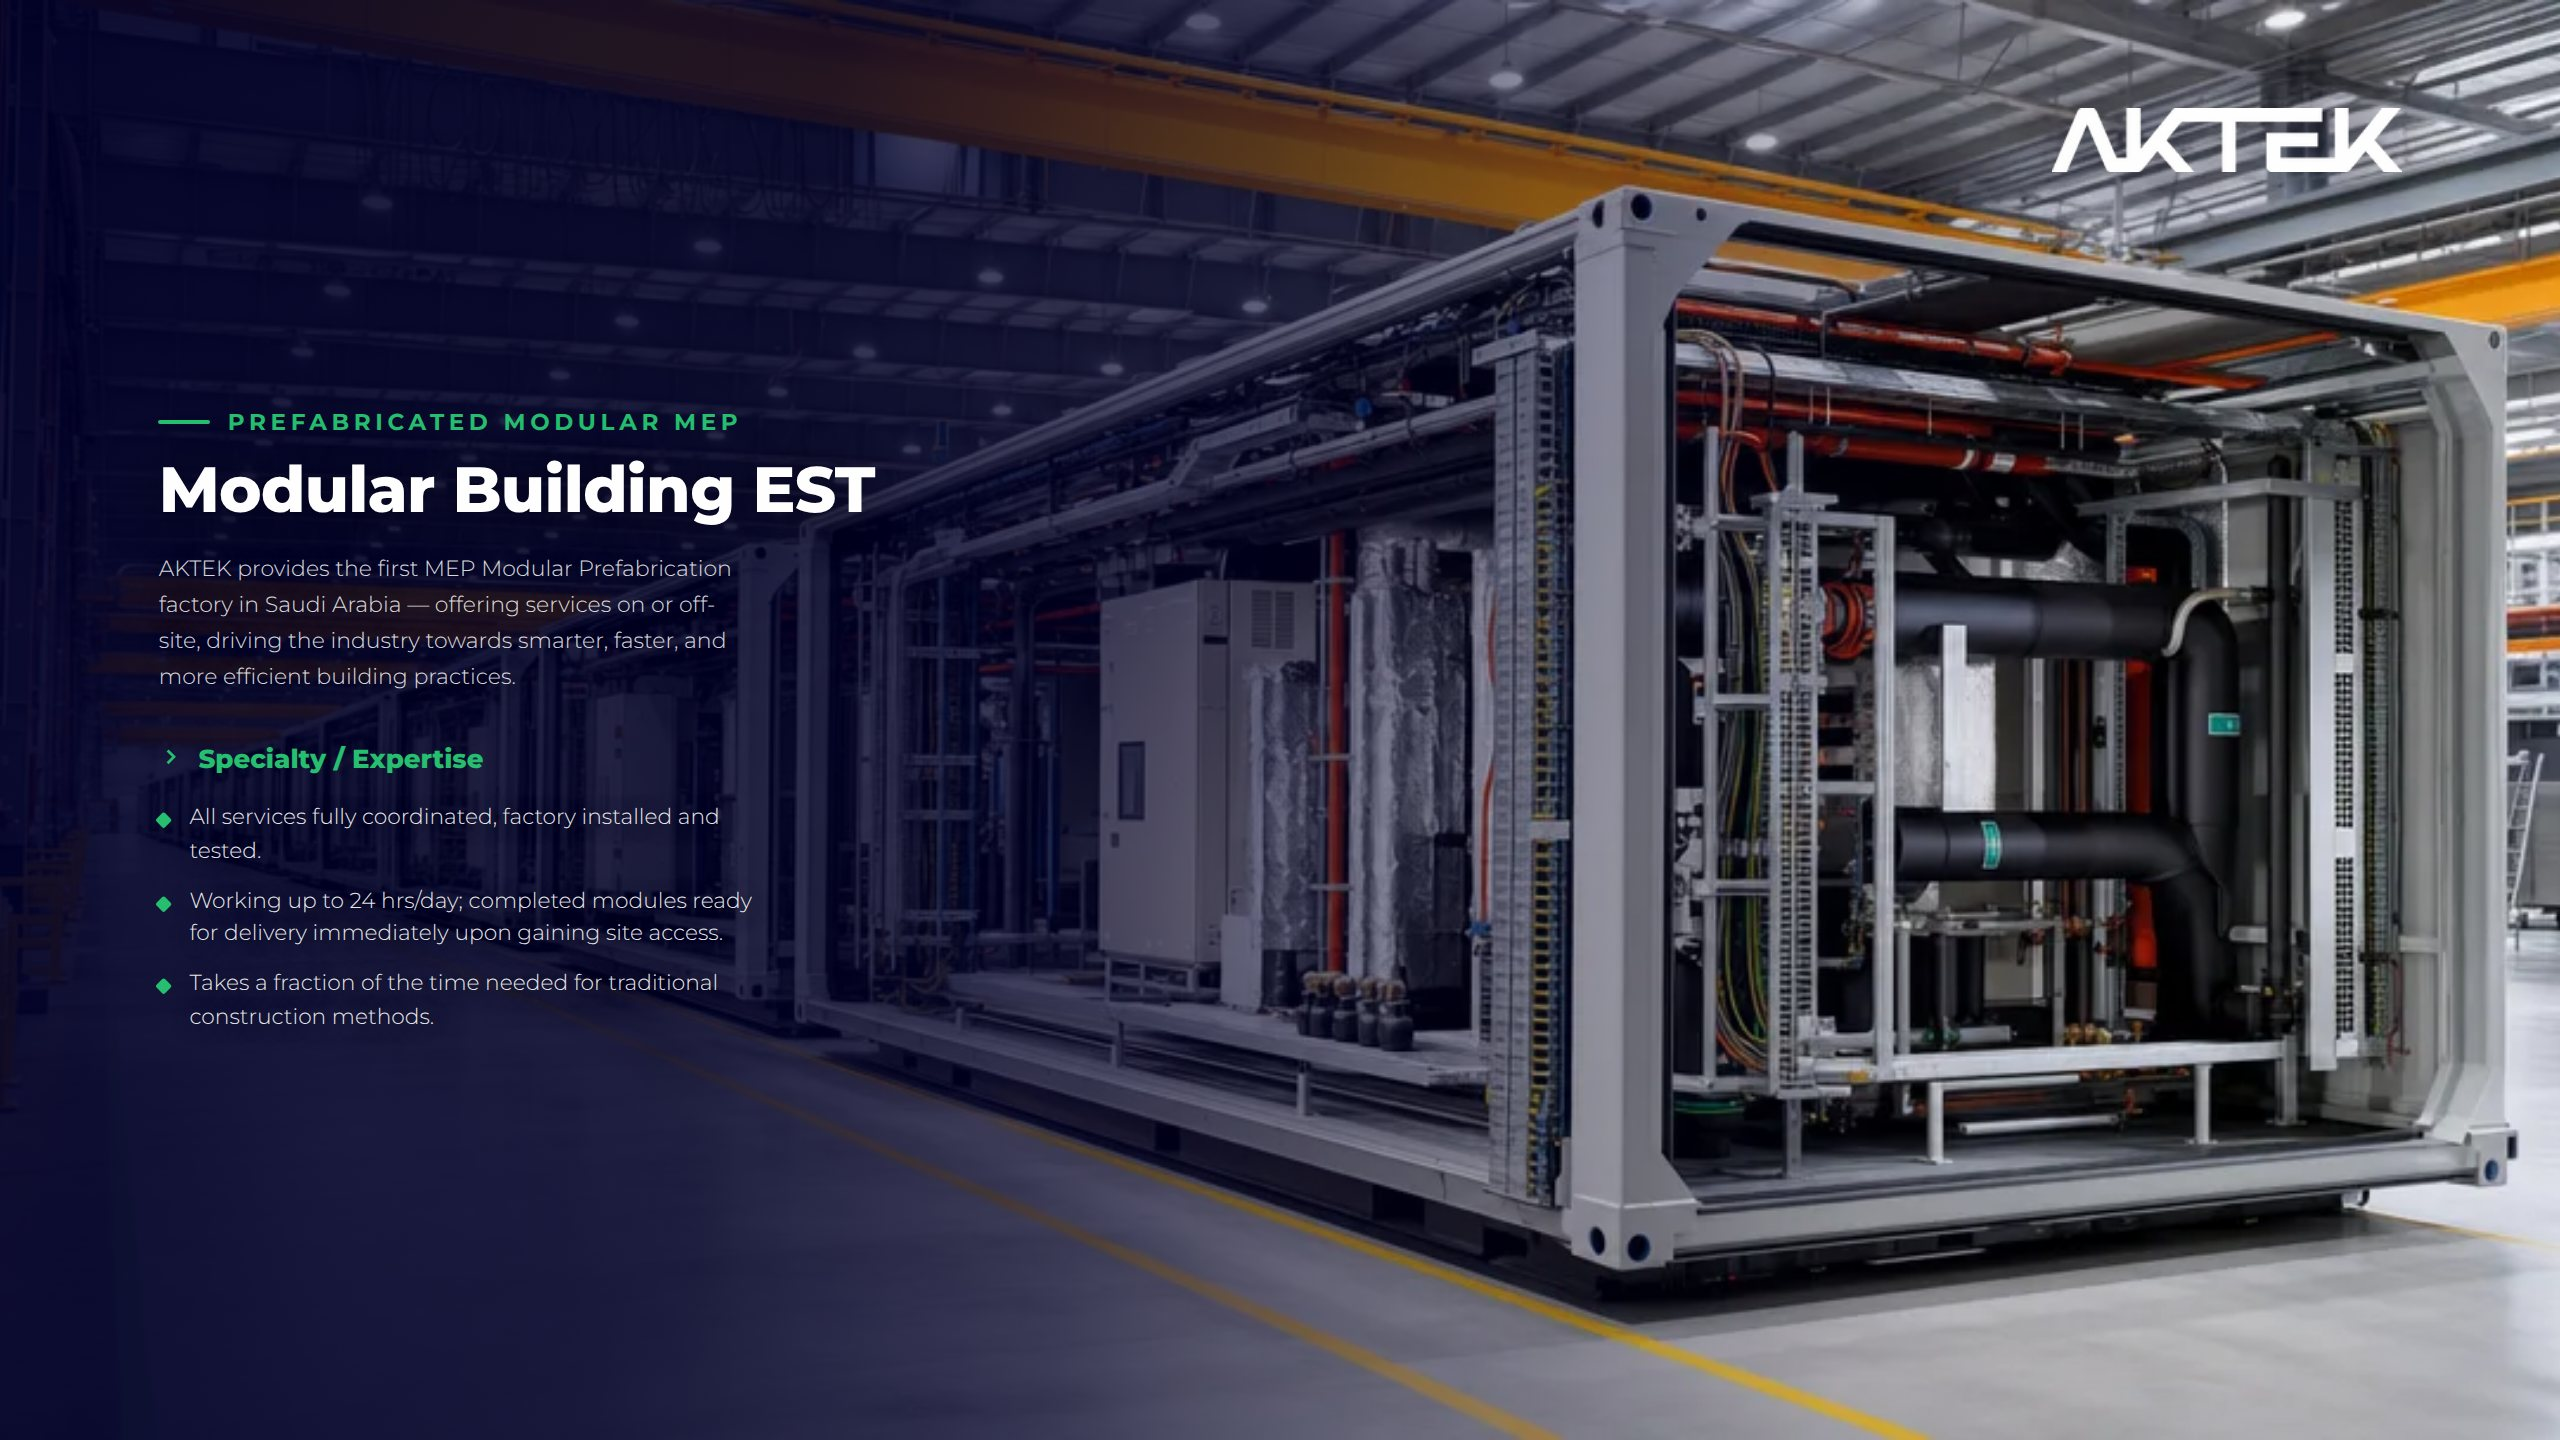

PREFABRICATED MODULAR MEP

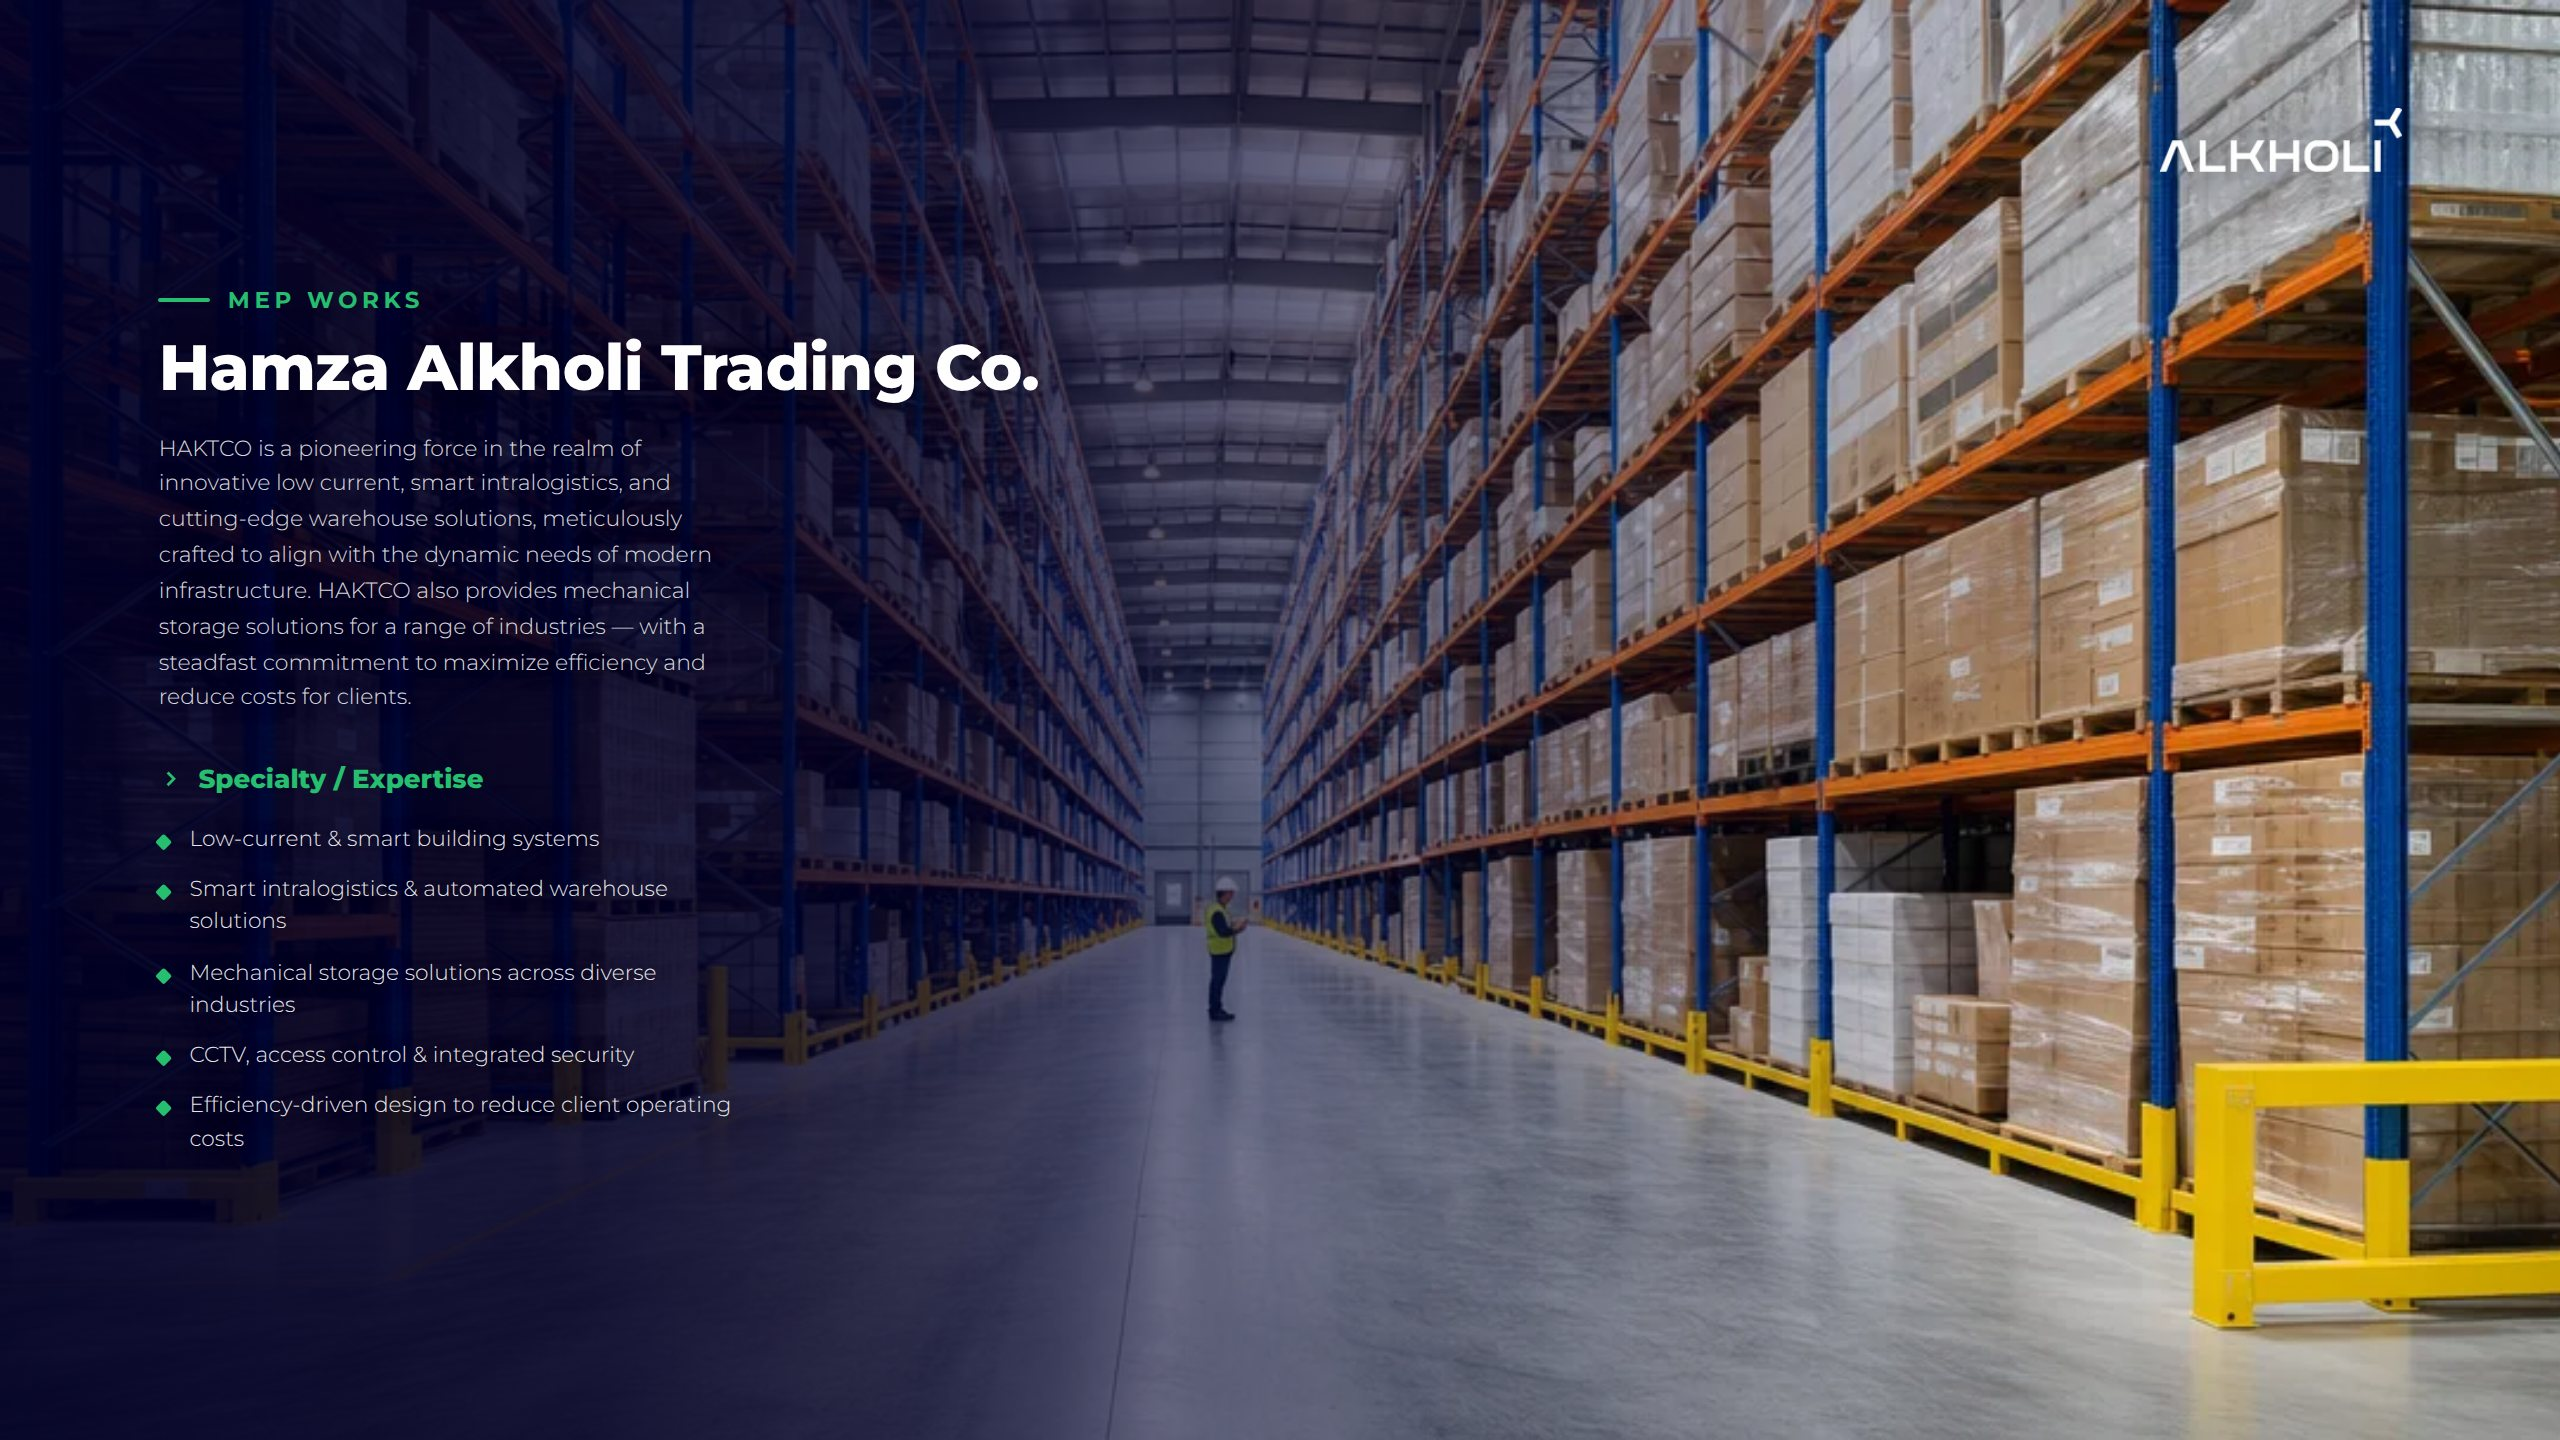

Modular Building EST

AKTEK provides the first MEP Modular Prefabrication factory in Saudi Arabia — offering services on or off-site, driving the industry towards smarter, faster, and more efficient building practices.

Specialty / Expertise

- All services fully coordinated, factory installed and tested.
- Working up to 24 hrs/day; completed modules ready for delivery immediately upon gaining site access.
- Takes a fraction of the time needed for traditional construction methods.

MEP WORKS

Hamza Alkholi Trading Co.

HAKTCO is a pioneering force in the realm of innovative low current, smart intralogistics, and cutting-edge warehouse solutions, meticulously crafted to align with the dynamic needs of modern infrastructure. HAKTCO also provides mechanical storage solutions for a range of industries — with a steadfast commitment to maximize efficiency and reduce costs for clients.

Specialty / Expertise

- Low-current & smart building systems
- Smart intralogistics & automated warehouse solutions
- Mechanical storage solutions across diverse industries
- CCTV, access control & integrated security
- Efficiency-driven design to reduce client operating costs

MEP WORKS

ELV Product Overview

HAKTCO empowers industries across Saudi Arabia with innovative ELV solutions. Supporting Vision 2030, we foster a digitally connected economy through strategic partnerships and excellence in client service.

Specialty / Expertise

- Voice Communication Systems
- Fire Detection & Protection Systems
- Intrusion Detection Systems
- Satellite & Master Antenna
- CCTV, Video Surveillance & Access Control
- Building Management (BMS) & Audio-Visual
- Smart Building & Parking Management
- Television & Smart Waste Management

MEP WORKS

Smartlog

Smartlog is a leading provider of advanced automation solutions for warehousing and logistics, offering a range of integrated, high-tech systems designed to optimize storage, order fulfillment, and material handling. Our solutions enhance efficiency, maximize space utilization, and streamline warehouse operations through cutting-edge technologies.

Specialty / Expertise

- AutoStore
- Smartlift
- SmartBot
- AMRs — Autonomous Mobile Robots
- AGVs — Automated Guided Vehicles
- Galaxy Warehouse Management Software

LINK METAL
ADVANCED STORAGE SOLUTIONS

PRODUCT OVERVIEW

LinkMetal

LinkMetal is a solution provider specializing in the consultation, design, and manufacture of advanced storage systems — delivering innovative shelving and racking solutions tailored to the needs of modern warehouses, industrial facilities, and commercial spaces. Our product range is designed for maximum space utilization, operational efficiency, and structural integrity, meeting diverse storage challenges with precision.

Specialty / Expertise

- Pallet Racking
- Racking Systems
- Shelving
- Drawers
- Lockers
- Retail
- Rack Cladding
